

THANK YOU !! Whether as a director in the districts for ten years or in back office support for an additional ten, it's been a pleasure to serve the Arch Cape community. Your consistent cooperation and support has been greatly appreciated.

I am personally excited about the prospect of the public acquiring the Arch Cape Forest and the benefits it will provide.

WOULD YOU PLEASE HELP? in the transition from our present accounting for customer accounts to the new Ubmax software scheduled for March 10th quarterly billings in 2022 to be administered by my successor after the end of this year.

PLEASE PAY THE EXACT AMOUNT owing for both the water and sanitary districts as reflected in the December 10th quarterly billing by **January 31, 2022**. This will greatly help us in the billing accounting transition next year.

Thank you,

A handwritten signature in orange ink that reads "Steve Hill".
